

REACH COMPLIANCE STATEMENT

Nikon X-Tek Systems Ltd. are identified as Downstream User and Article Producer as identified by article 3 of EU Regulation (EC) 1907/2006 (the "REACH Regulation").

Downstream user: means any natural or legal person established within the Community, other than the manufacturer or the importer, who uses a substance, either on its own or in a preparation, in the course of his industrial or professional activities

Article: means an object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition.

Duty to communicate information on substances in articles

If Nikon X-Tek Systems Ltd. identify a substance in their product meeting the criteria in Article 57 regarding Annex XIV of the REACH Regulation and identified in accordance with Article 59 thereof, in a concentration above 0.1 % weight by weight (w/w), we shall provide the recipient of our product with sufficient information, available to Nikon X-Tek Systems Ltd., to allow safe use of the product including, as a minimum, the name of that substance.

Nikon X-Tek Systems Ltd. will give priority to the purchase of items produced while taking environmental issues into consideration.

Nikon X-Tek Systems Ltd. will give priority to suppliers who are proactive in caring for and conserving the environment.

Nikon X-Tek Systems Ltd. have asked suppliers of materials, component and finished products to provide us information on substances concerned in the supplied items.

Nikon X-Tek Systems Ltd. will continue to work closely with the supply chain to ensure that all the requirements of REACH are fully implemented.

The Quality and Environmental Management Systems of Nikon X-Tek Systems Ltd. shall provide for the appropriate processes to be effectively operated in accordance.

President

Jeff Walker
